USER hereby acknowledges and agrees that SOFTWARE constitutes proprietary and trade secrets and/or copyrighted material of GEXCON. The protection key, if part of SOFTWARE, represents the ownership of the license and will only be replaced by GEXCON if proven defective. In case of loss or theft of the key, replacement is the sole responsibility of USER.

Article 2

Payment of the license fee for SOFTWARE does not transfer any rights, title or interest in SOFTWARE to USER.

Article 3

USER is not allowed to copy in whole or in part, modify, reverse compile or reverse assemble all or any portion of SOFTWARE, or rent, lease, distribute, sell or create derivative works of SOFTWARE. USER shall not publish SOFTWARE or disclose, provide, deliver or otherwise make available SOFTWARE in any form to third parties. Installation and implementation of SOFTWARE on the equipment of USER is the sole responsibility of USER.

Article 4

SOFTWARE is provided to USER "as is". Neither GEXCON nor its suppliers including, but not limited to, AICHE make any representation or warranty of any kind including but not limited to warranties of fitness for a particular purpose, satisfactory quality, accuracy, non infringement or merchantability, nor are any such warranties to be implied with respect to any GEXCON materials or any services furnished or any information, data, software, or algorithms provided or any results thereof.

Article 5

GEXCON is not liable in any way whatsoever for damage sustained by USER by the use of SOFTWARE. Moreover, GEXCON will in no event be liable for damages sustained by third parties, arising out of the use of SOFTWARE by USER. Article 6

To our information, the AICHE has exerted reasonable efforts to verify that the data contained in the DIPPR DATABASE has been selected on the basis of sound scientific judgement. AICHE nor GEXCON warrant that the DIPPR DATABASE will satisfy USER's requirements nor that the DIPPR DATABASE is without defect or error nor that the operation of the DIPPR DATABASE will be uninterrupted. USER is solely responsible for determining the suitability of the DIPPR DATABASE and for testing and evaluating it before any use of or reliance on it. USER assumes, without limitation, all risks and liabilities associated with the use of the data included in the DIPPR DATABASE.
