2 Term

Schedule 1 Licence Models

The Order Form sets out the relevant licence or subscription model applicable to the Customer's use of the Products, which shall be subject to the following applicable terms as appropriate.

1 Licence Type

- 1.1 Standalone Licence: means a licence of the Products that permits the Customer to use the Products on one (1) computer at any one time.
- 1.2 Network Licence: means a licence of the Products that permits the Customer to use the Products on a network for a fixed number of simultaneous users at any one time.
- 1.3 The Customer shall have the right to use the number of simultaneous tasks or active processes of the Products indicated in the Order Form.

2 Licence Term

- 2.1 Unless otherwise specified in the Order Form, the licence term will be for a particular short-term period (e.g. between 1 to 12 months), or for a multi-year committed period (e.g. 2 to 5 years). There are no renewal commitments and for potential renewals after expiration, a new License must be purchased.
- 2.2 The holder of a multi-year licence has committed to the whole licence period but (unless payment in the Order Form is stated to be in full in advance) will be billed on an annual basis.

Please note that Gexcon may refer to a "lease" in the Order Form or Documentation, but this is used as a shorthand description, and the intended legal meaning is a time limited licence to use the Products.

3 Licence Categories

- 3.1 Commercial Licence: A commercial licence allows the Customer to use the Products for consulting to third parties.
- 3.2 Academic Licence: An academic licence (e.g. delivered as a "university edition") only allows the Customer, such as universities or other educational establishments, to use the Products solely for teaching, learning and non-profit research on the following basis and the following conditions apply:
 - (a) Academic Licenses are only available to recognised academic institutions at the discretion of Gexcon and use is limited to employees of such institutions and their registered students;
 - (b) the work and analysis using the Products and their output must not be for commercial purposes (including consulting), benchmarking, or any internal business purposes of the Customer;
 - (c) any publications or presentations using data generated by a Product must cite the Product name and its version number; and
 - (d) Support Services for the users will be provided at Gexcon's sole discretion.

4 Evaluation licence

- 4.1 Where Gexcon makes any Products and Documentation available for internal evaluation purposes ("**Evaluation Software**"), the terms in this section 4 shall apply and in the event of any conflict shall override the other terms in this Agreement. The primary purpose of the licence is for the Customer to evaluate the use of the Evaluation Software internally in test scenarios to determine whether to purchase a Licence, and not to use it for "live" scenarios.
- 4.2 Unless otherwise set out in the Order Form, the term of the Licence shall be for a limited period of 1 month.

- 4.3 Any Evaluation Software is released free of charge for evaluation only, and to the maximum extent permitted by law is on an "as is" and "as available" basis without any warranty or performance commitment (and clause 9.1 of this Agreement shall not apply), and Customer accepts that:
- (a) Gexcon may provide Support Services in its sole discretion;
 - (b) it assumes all responsibility for its use of the Evaluation Software and any results obtained from it;
 - (c) it is not permitted to share the Evaluation Software with any third party; and
 - (d) subject to clauses 14.1 and 14.3 of this Agreement, Gexcon's total aggregate liability arising out of or in connection with its use of the Evaluation Software is capped at £1,000.

5 Beta licences

- 5.1 Where Gexcon makes any Products and Documentation available as "beta" software for testing purposes ("**Beta Software**"), the terms in this section 5 shall apply and in the event of any conflict shall override the other terms in this Agreement.
- 5.2 The primary purpose of the licence is for the Customer to test the Beta Software and to obtain feedback. The Customer should ensure that it safeguards all data used with Beta Software and retains any required back-up of its data, and that it does not rely in any way on the correct functioning or output or performance of the Beta Software.
- 5.3 Unless otherwise set out in the Order Form, the term of the Licence shall terminate upon the earlier of (i) 1 month from the date Customer receives the Beta Software, and (ii) the initial commercial release of a generally available version of the Beta Software.
- 5.4 Any Beta Software is released free of charge for testing only, and to the maximum extent permitted by law is on an "as is" and "as available" basis without any warranty or performance commitment (and clause 9.1 of this Agreement shall not apply), and the Customer accepts that:
- (a) beta versions may contain defects and Gexcon is under no obligation, to provide technical support or to correct such defects, or to continue to develop, productise, support, repair, offer for sale or in any other way continue to provide or develop the Beta Software;
 - (b) it assumes all responsibility for its use of the Beta Software and any results obtained from it;
 - (c) it is not permitted to share the Beta Software with any third party;
 - (d) Gexcon may provide Support Services in its sole discretion; and
 - (e) subject to clauses 14.1 and 14.3 of this Agreement, Gexcon's total aggregate liability arising out of or in connection with its use of the Beta Software is capped at £1,000.
- 5.5 The Customer shall promptly provide to Gexcon (via such reporting mechanism notified) reasonable suggestions, comments and feedback regarding the Beta Software, including but not limited to usability, bug reports and test results and any other specific feedback requirements detailed in the Order Form ("**Feedback**"). The Customer agrees that Gexcon may use, disclose, reproduce, license, distribute and otherwise commercialise such Feedback and hereby grants Gexcon all required licences to allow Gexcon to exercise these rights. The Customer obtains no rights in any products or services in which the Feedback is used or implemented.

Schedule 2 Additional Product Terms

The Customer acknowledges and agrees that other Products made available pursuant to this Agreement may incorporate the DIPPR Database from time to time, in which case the terms in this Schedule 2 shall also apply to those Products.

- 2 Use of the DIPPR Database by the Customer as part of the Products is subject to the following additional terms, which shall, in the event of any conflict, override the other terms in this Agreement:
 - 2.1 distribution of the Product via hard copy, CD-ROM, or electronically in any format or by any other means is prohibited;
 - 2.2 access to the Product from outside the Customer's organisation in any manner is prohibited;
 - 2.3 the Customer shall indemnify and hold AIChE harmless from any claim, damages, suit or proceedings arising from dissatisfaction of the contents of the DIPPR Database, including AIChE's liability for reasonable attorney's fees and expenses in defending such claim;
 - 2.4 WHILST AICHE USES REASONABLE EFFORTS DESIGNED TO VERIFY THAT THE DATA CONTAINED IN THE DIPPR DATABASE HAS BEEN SELECTED ON THE BASIS OF SOUND JUDGEMENT, THE DIPPR DATABASE IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND. AICHE DISCLAIMS ALL WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. AICHE SHALL NOT BE LIABLE FOR ANY DAMAGES, LOSS OF PROPERTY OR PROFITS, OR CONSEQUENTIAL, EXEMPLARY OR SPECIAL DAMAGES THAT MAY RESULT FROM ERRORS OR OMISSIONS IN THE DIPPR DATABASE EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; AND
 - 2.5 AICHE DOES NOT WARRANT THAT THE DIPPR DATABASE WILL SATISFY THE CUSTOMER'S REQUIREMENTS OR THAT THE DIPPR DATABASE IS WITHOUT DEFECT OR ERROR OR THAT THE OPERATION OF THE DIPPR DATABASE WILL BE UNINTERRUPTED. THE CUSTOMER IS SOLELY RESPONSIBLE FOR DETERMINING THE SUITABILITY OF THE DIPPR DATABASE AND FOR TESTING AND EVALUATING IT BEFORE ANY USE OF OR RELIANCE ON IT. THE CUSTOMER ASSUMES, WITHOUT LIMITATION, ALL RISKS AND LIABILITIES ASSOCIATED WITH THE USE OF THE DATA INCLUDED IN THE DIPPR DATABASE.

Geographic restrictions

- 3 For certain Products remote access to the Product(s) through the internet, or other network, is only allowed from geographical sites/offices which themselves have active Licences with the same licence level, and any other remote access is prohibited. The Order Form will stipulate if this restriction applies to the specific Product(s) licensed by the Customer, and the relevant restrictions.
